A meeting in this regard had already been held at 9.30 A.M., preceding this meeting. The cost of publication of the Revised Chart will be met by the NPL at which it had been decided to publish 5000 copies of it in colour. He was also very happy to announce that Director NPL had agreed to provide to the Forum an amount of Rs. 10,000/- for this work.

Dr. Bindal reserved his other remarks which he would make at the appropriate occasion when the other items on the Agenda (Annexure ‘A’) were taken up.

2. Confirmation of the Minutes of Twenty-First Meeting of the Management Committee held on April 15, 2008: The members noted that since no comments had been received on the Minutes of the Meeting as detailed by the Secretary in his Status Report circulated to the members at the time of the meeting, these were confirmed.

5. Approval to the Induction of New Members to the Forum: The Committee approved the Induction of all the five new members to the Forum as placed before it in the Status Report by the Secretary.

6. Reports of the Area Committees:

6.1. Welfare Committee: Dr. R G Sharma informed that at its meeting held on 19th May 2008 there were three items of Agenda. One related to the study of the Report of the Sixth CPC and to give suggestions which could be taken up for consideration by appropriate bodies before the implementation of the same by the Government. These suggestions which have been placed before the committee by the Secretary, as mentioned in Para 4 above will be taken up under Item 7. Another issue related to tree plantation for which the matter had been recommended for consideration by the Management Committee and this figures as Item 9 of the Agenda. The third issue which had been taken up at the suggestion of Dr. V N Bindal related to ‘Superstition’ which is included among the Re-formulated Aims & Objects of the Forum. The Committee felt that it had no competence to make any suggestions in this regard.
6.2: Scientific Affairs Committee: Dr. Kailash Chandra said that Dr. Bindal had already mentioned about the revision of the Chart on ‘S.I. Units of Measurement’ in his introductory remarks. He said that the meeting held at 9.30 A.M. was an informal technical discussion meeting at which he had emphasized on ‘Traceability in Quality Measurement’ The old chart on SI Units of Measurement prepared in 1984 had been provided to the NPL team members by Dr. V N Bindal. In addition he himself had brought with him a chart on S I Units prepared by NPL Teddington, UK. These documents along with valuable technical information and data provided by Dr. S V Gupta was passed on to the team members from NPL, and it was decided to have a formal meeting after they had collected the relevant information from the website of BIPM.

As Dr. S S Mathur who had been specially invited for consideration of other issues also relating to the Scientific Affairs Committee, was unable to attend the meeting, and Dr. S V Gupta and Dr. Namita Kundu – other members of the Committee - could not be present, consideration of other issues will need to be deferred to a later date.

Dr. Bindal felt that the only other Committee which could take up ‘Superstition’ on its agenda was the Scientific Affairs Committee. The following ’Sub-committee on Superstitions’ of the Scientific Affairs Committee was constituted:

Dr. A P Jain
Dr. P C Jain
Dr. R Bhattacharyya

Another significant decision taken at that meeting was that children of all NPL employees drawing salary in the scale starting at Rs. 14,300/- and below will be eligible to apply. Further, all children (direct descendants) son, daughter, or grand-child of a retired or serving employee of NPL will be eligible for these Scholarships & Awards.

7. Suggestions made by the Welfare Committee Regarding Implementation of the VI CPC: The Management Committee felt that the following four suggestions may be sent to DG,CSIR by the Secretary, suggesting also a meeting with him for presenting our views to him in regard to these suggestions:

1. Pension should be @ 60% of the last pay drawn instead of 50% as at present and that the Family Pension may also be enhanced by 10%.
2. Dearness Pay should be treated as Basic Pay for calculation of Pension
3. Enhanced Pension proposed by the Sixth CPC may start at the age of 75 years instead of 80 years.
4. Leave Travel Concession should be given to pensioners at par with the regular employees.

8. Resolution for opening of Accounts in respect of the New Scholarships & Awards: The following resolution was passed
Resolved that separate accounts of donors should be maintained, so that the principal amount and interest earned thereon are accounted separately. This will ensure transparency and safe custody of donor’s money.

2. NPL-FSF A/c Shri J N Chaudhary
3. NPL-FSF A/c Dr. Anil Kumar Gupta
4. NPL-FSF A/c Shri Balraj Singh

&

5. Similar accounts should be opened for any other donors in future. The name of the A/c shall have donors name preceded by NPL-FSF A/c.

The accounts may be opened in Syndicate Bank NPL, Pusa. An appropriate amount from these accounts may be invested in term deposits for suitable period at the prevailing rate of interest with instructions to deposit quarterly interest in the respective SF a/c regularly.

The accounts shall be operated by any two of the following signatories.

1. President, NPL-FSF
2. Secretary, NPL-FSF
3. Treasurer, NPL-FSF

9. Tree Plantation in NPL Campus: The Committee was informed that Shri Rama Shankar Singh who had retired from NPL as Officer-in-Charge Horticulture had been specifically invited for this meeting.

Dr. Bindal said the issues which required to be considered were (i) Whether there was enough space in the Campus for planting new trees, (ii) In whose memory these trees could be recommended to Director, NPL for plantation, and (iii) How to ensure their maintenance.

Shri Singh said that there was a lot of empty space in the NPL Colony and also space within the NPL Campus. The planted trees required care in the first two years where after they could take care of them selves, but without help from the NPL staff it was not possible to ensure their maintenance.

The proposal was dropped because the members felt that it would be difficult to take the responsibility of maintenance of the trees after plantation.

10. Utilization of the Room Allotted to the Forum: Dr. Bindal informed that a Small Conference Table had been placed in the Conference Room but chairs for it had yet to be received.

As for the Room allotted to the Forum some old furniture had also been approved by Director NPL which was expected to be available shortly.

Dr. Kailash Chandra made a proposal for contribution of Rs 1,000/- by each Member of the Management Committee and to request all the members of the Forum to contribute generously, and using the money so collected for development of the Forum’s Room and making it functional. The proposal was unanimously approved.

11. Venue, Date & Time for the next Meeting of the Forum: The issue was left to the Secretary to fix up the next meeting, and decide about its Agenda in consultation with the President.

As regards the use of e-mail only for sending notices for the meeting the Committee was informed about the response that had been received up to 05. 06. 2008 from the various members who could be so approached, regarding the continuation of this practice as a measure of economy of expenditure, and to act accordingly.

The meeting ended with a vote of thanks to the chair.
